

**Electronic Visit Verification (EVV) Vendor Questionnaire:
EVV Implementation for Self-Direction Programs**

In January 2018, Applied Self-Direction issued a Request for Information (RFI) to identify vendors interested in serving self-direction programs. In addition to basic contact information, vendors were given the option to complete the following questionnaire based on our [EVV Implementation Tip Sheet for Self-Direction Programs](#). Vendor responses to these questions are available as a member-only resource through our [Directory of EVV Vendors Interested in Serving Self-Direction Programs](#).¹

1. What is the name of your organization?
KOR EVV LLC
2. What is the name of your EVV System?
KOREVV
3. Does your EVV system currently serve self-direction programs?
Yes
4. What are the states where you currently serve self-direction programs?
Virginia
5. How does your EVV solution address the issue of limited internet access?
Data can be captured electronically at the time of service delivery and transferred to the central system when access is available.
6. How does your EVV solution address scheduling workers?
 - Weekly set schedules are entered by a system administrator.
 - Weekly set schedules are entered by the participant or representative.
 - Changes to schedules can only be made by a system administrator.
 - All login and logout times must fall within the set schedule.
 - Weekly set schedules are approved by the participant or representative.
 - Schedules can be set up to 6 months.
7. How does your EVV solution capture the location where services are delivered when they are not provided at the participant's home?
 - Geolocation at start and end of shift.
 - Continuous geolocation based on the current location of the participant.
8. How do features of your EVV solution support a user-friendly experience?
 - Workers create their own password and username.
 - Participants create their own password and username.
 - The user interface is based on common mobile device conventions.
 - The device(s) used to enter data are easily modified for individuals with limited motor skills.
 - Any on-screen text can be customized for languages other than English.
 - Tasks can be accomplished with a minimum number of clicks or taps.
 - Text entry is minimized.

9. What options do you offer for training workers, participants, and agencies?
- Initial in-person orientation provided to state agency; state is responsible for training provider agencies, workers and participants.
