

# SELF-DIRECTION CONFERENCE APRIL 29-30

## Showcase: Tools and Tech to Self-Direct

Applied Self-Direction's 2019 *Self-Direction Conference* is scheduled for April 29-30, 2019 at the Hyatt Regency Inner Harbor in Baltimore, Maryland. As an integral part of this conference, we are offering vendors a chance to show off, explain, and demonstrate their tools or technology with an audience of state Medicaid administrators, Financial Management Services (FMS) providers, managed care organizations (MCOs), and other Medicaid stakeholders as a part of our *Tools and Tech to Self-Direct* showcase.

We encourage anyone with a product or service that supports self-direction to be a part of the showcase. We anticipate showcases to include EVV solutions, software and hardware products, technology to improve home and community living, and tools that support independence.

*"I attended every showcase session and it was really useful for our organization to make some purchasing and partnering decisions."*  
-2018 Showcase Attendee

### Showcase: Tools and Tech to Self-Direct

Organizations who participate in the *Tools and Tech to Self-Direct* showcase will receive a 25-minute time slot for their presentation and demonstration, as well as several marketing opportunities throughout the workshop. (Vendors will choose their time slot on a first-come, first-served basis based on showcase level.)

*"We are glad we were in the showcase. The room was full and the audience was engaged. We had plenty of time to show our software."*  
-2018 Showcase Exhibitor

The showcase will be located in a breakout room adjacent to the conference sessions and meals. The room will be equipped with AV equipment (including a computer, projector, and microphones) and will include seating for up to 150 attendees. Applied Self-Direction will encourage attendee participation in the showcase through a variety of advertisements, including prizes for attendance. Our conference agenda is structured to facilitate showcase attendance.
